

The latest KIDWARE includes new and wonderful features

Check this out:

- ◆ Challenge your students with additional levels in Electronic Easel. These offer endless possibilities for creativity, curriculum integration, and advanced math skills including fractions!
- ◆ Encourage the development of problem-solving skills, and practice math concepts with summary pages in Petals.
- ◆ Use Music Maker to improve auditory and listening skills. Help children develop phonemic awareness by using songs and music.

- ◆ Introduce phonics in Mural Maker and Fun with Letters and Words. Make letter sounds and parts of words explicit.
- ◆ Enhance sequencing skills. Children use “replay” to review the process of their work in the Neighborhoods.
- ◆ Forge a strong connection between oral language and text. New feature in KIDWARE Writer allows children to record, what they’ve written. Type in a story and record it. Hear it replayed while you read aloud.
- ◆ More Lesson Plans save you time. Access a full year of lesson plans, the Teachers Guide and integration ideas on-line in KIDWARE. with the “click” of a mouse!
- ◆ Installing is a breeze with expanded sound and printing compatibility.

KIDWARE is designed to support your Bilingual Curriculum

Customize KIDWARE to meet the language development needs of individual learners.

The latest brain-research indicates that children's abilities to learn a new language are optimized between the ages of three to eleven. Make the most of this critical learning period with KIDWARE! KIDWARE includes special features that permit a teacher to add language, vocabulary and pictures to support any language represented in class. Using KIDWARE the student can access primary and secondary languages. Up to nine different languages can be added to KIDWARE! KIDWARE absolutely supports all your ESL and bilingual curriculum needs!

Assessment Software:

OUTCOMES EXPRESS

Outcomes Express is a series of computer-based activities and teacher input used to evaluate a child's development, knowledge and progress in the following:

- Alphabet Letters
- Language and Literacy
- Book Knowledge
- Rhyming Words
- Shapes and Colors
- Beginning, ending Sounds
- Number Concepts
- Spatial Relations
- Numeral Recognition
- Problem-solving

Outcomes Express incorporates Congressionally mandated requirements for reporting child outcomes. These outcomes, important for academic success in school, include:

Language development— listening and understanding; speaking and communicating

Literacy— phonological awareness, book knowledge and appreciation of print, print awareness and concepts, early writing and alphabet knowledge

Mathematics—number and operations; geometry, patterns and spatial relations; data collection and measurement

Social and emotional development—self-concept, self-control, cooperation, social relationships, knowledge of families and communities

The benefits of using Outcomes Express include:

- ♦ **Giving teachers assessment results immediately** to guide changes in instruction and curriculum;
- ♦ **Evaluating children's progress** in a non-threatening way;
- ♦ **Utilizing information** for parent/family conferences without needing extra interpretation, lowering the cost of assessment;
- ♦ **Generating individual child progress reports automatically** for parents (and family members) that incorporate easy-to-understand graphics and minimum print (These reports support communication with ESL and low- literacy parents and the young child);
- ♦ **Monitoring child outcomes** throughout the year by supporting baseline, mid-point, and year-end assessment requirements;
- ♦ **Aggregating summary scores** across classrooms, centers/schools and the program office;
- ♦ **Supporting Spanish-speaking children.**
